

MONTY'S NEWSLETTER

Summer Term – August 2020

Monty's Updates

Firstly we would like to like to thank you for your continued support especially during this difficult time.

As of September the teams will be as follows:

Explorers Room – Chrissi, Mini and Antonia.
Discoverers Room – Emma, Sami, Ellie and Nicki
Inventors Room – Amy, Emily and Allana.

Sadly, last week Charley left the Monty's Team. We would like to take this opportunity to thank her for her support and would like to wish her all the best for the future with her new cleaning company

We would like to congratulate Kerrie M and her family on the birth of Louis. Louis entered the world a little early, 9 weeks early to be exact and weighed 2lb 9oz. Both Kerrie and Louis are doing well

The Monty's team are committed to the professional development of our staff. We have recently begun a nature study based upon the Danish concept of Hygee. Hygee is an atmosphere of warmth, wellbeing and cosiness. When you feel at peace and is able to enjoy simple pleasures and being in the moment. We have already got lots of inspiration from the course and look forward to sharing you how we have implemented them into our practice.

Children's Corner

Baby Room Bubble

We have had lots of fun exploring our senses through a variety of different activities. We have loved being back out in the garden, especially splashing around in the water! In September we look forward to exploring autumnal and natural resources through play using our senses.

Toddler Bubble

Since returning from lockdown we have enjoyed spending time in our bubble, exploring the outside areas and playing alongside each other during role play activities. During our 'community play' topic the children had the opportunity to explore a range of occupations. Our construction area was a firm favourite and lots of the children chose to dress as builders, working together to construct with the bricks! More recently, the children have shown a key interest in story time. Our next topic will focus around the story of 'The three little pigs' where we will be putting our building skills to the test. This will then lead onto our topic of 'all about me in September'.

Kindie Bubble

Allana and Amy have been enjoying spending time with their bubble of soon-to-be Pre-schoolers; getting to know their likes and dislikes, giving them a head start on the next academic year.

They have been exploring the topic of "Cave Baby", doing lots of storytelling and making the most of our outside space. The children have loved exploring natural materials, painting with natural paintbrushes and using our story telling stones to retell familiar tales.

Come September when preschool room should begin to normalise, they will be running the topic "All About me". This allows Amy, Emily and Allana to really get to know your children.

Preschool Bubble

Since returning from lockdown we have enjoyed learning about the life cycle of a butterfly. We have enjoyed watching the caterpillars grow into butterflies and look forward to letting them out into the world. We have also shown interest towards learning about space and the moon. We have been asking and investigating lots of questions we had about space, for example, what is the moon like?

Sadly, we have had to start saying goodbye to some of the children within our bubble. We would like to wish all the leavers luck with their next adventure. They will be sorely missed by us all.
